

Reproduire des
suites logiques
(algorithmes)

Les activités de suites logiques ou algorithmes préparent aux activités numériques.

Elles permettent aux enfants de s'entraîner à l'observation et au raisonnement logique.

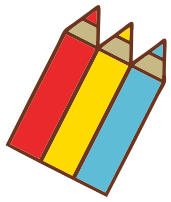

Pour compléter l'activité, vous pouvez aussi utiliser des grosses perles à enfiler sur du fil chenille et créer vous même une suite logique que l'enfant devra reproduire.

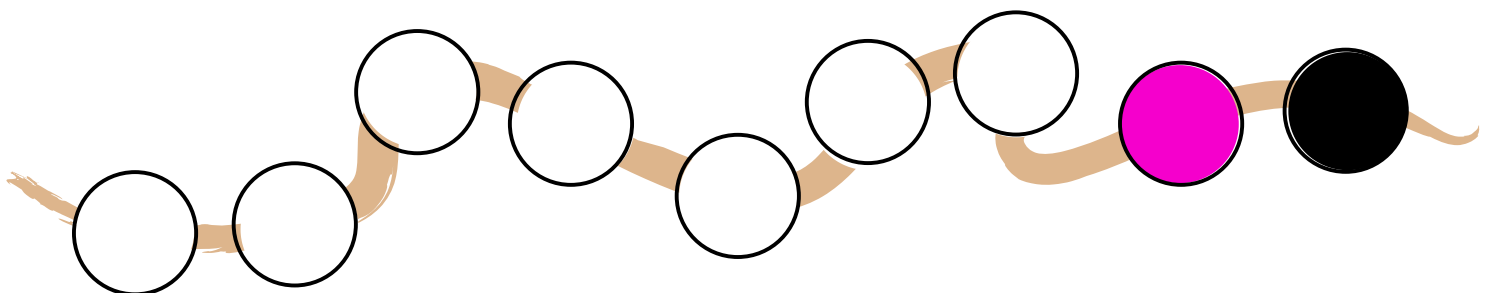

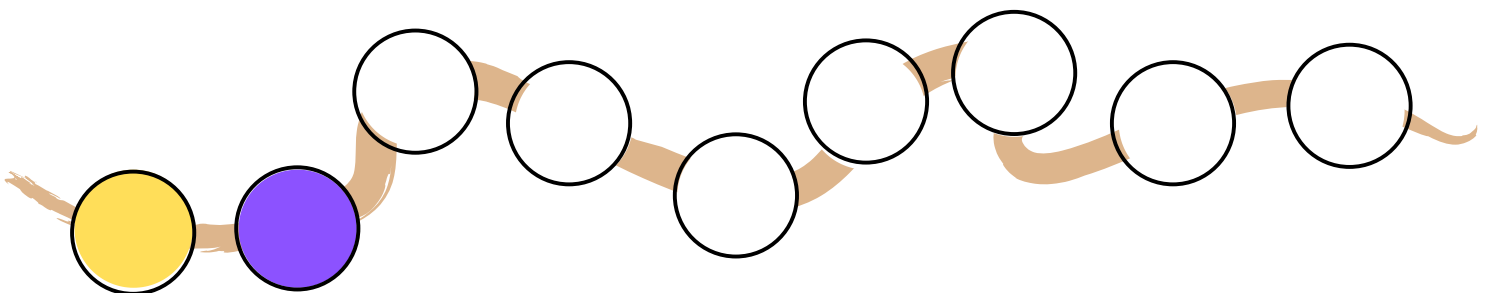

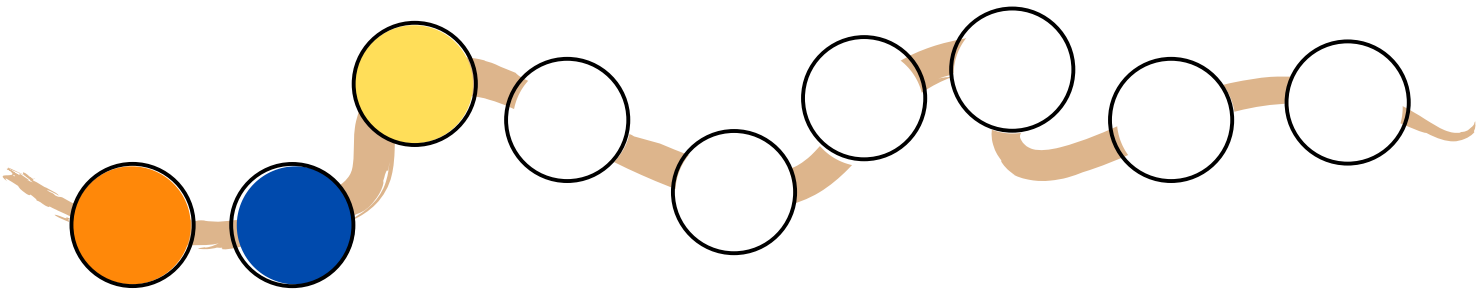

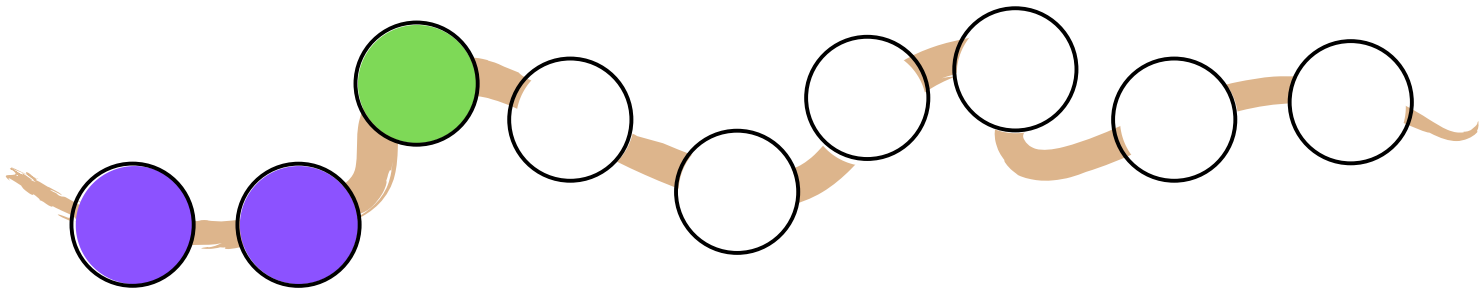

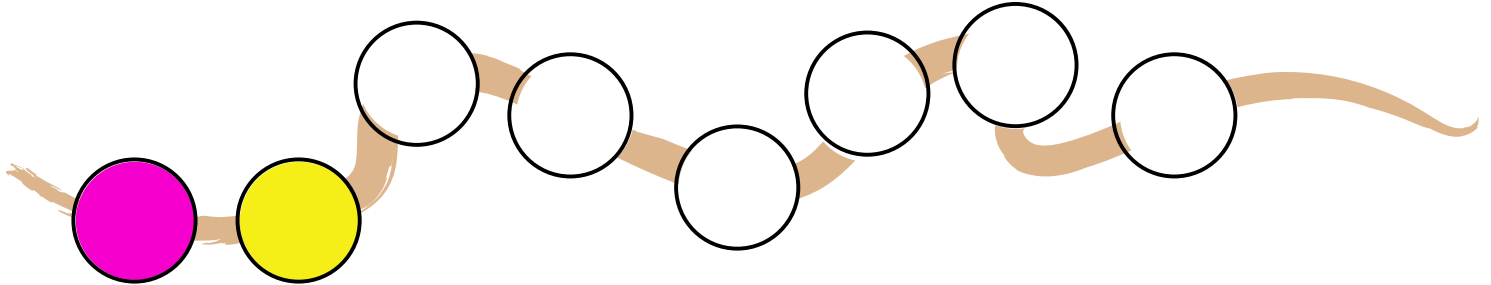

Pensez aussi aux rythmes auditifs en demandant à votre enfant de reproduire vos frappaements de mains par exemple.

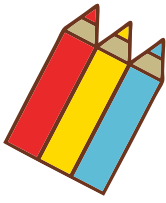

Imprimez, découpez et plastifiez les étiquettes du jeu n°3

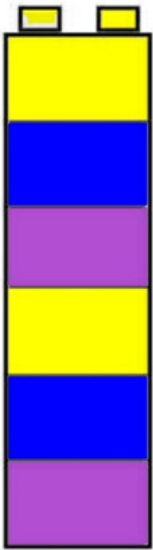

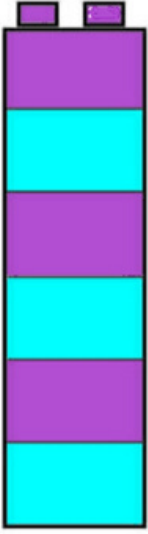

Continue les suites de couleurs du collier en coloriant les perles

Complète la case vide avec la bonne
étiquette

Colorie les formes en respectant la suite logique

The image shows a large, light blue, irregular shape with a grid of colored and white geometric forms. The shape is composed of several connected horizontal and vertical bars. The top bar contains a sequence of colored shapes: purple triangle, yellow circle, green square, purple triangle, yellow circle, green square, and white triangle. The right vertical bar contains a white circle and a white square. The middle horizontal bar contains a white square, white circle, white triangle, white square, white circle, and white triangle. The left vertical bar contains a white triangle. The bottom horizontal bar contains a white circle, white square, white triangle, white circle, white square, and white triangle. The bottom-right vertical bar contains a white circle. A separate bar at the bottom right contains a green square, yellow circle, purple triangle, and white square.
